

Cynthia Ann Wilson

Claim number: 68287

Objection: The cost to replace damaged Chairlift.

The offer of \$544.95 is totally unacceptable for a \$6,900 Chairlift. The Chairlift, which was surged by a PG&E wire from their pole to our home, became unfixable. The Chairlift surged was a curved lift, priced at \$13,000. The Chairlift we are willing to compromise with PG&E, is two straight lifts that meet on the landing for \$6,900.

I am 76 and Al is 71, he has been disabled for ten years. The Chairlift is his way to get out of the house. Our home is above the garage and now he has to get down twenty stairs to get to a Doctor's appointment, it takes considerable time for him to accomplish this with my help.

If it would make things easier PG&E can replace the Chairlift themselves.

I declare under the penalty of perjury that I have personal knowledge of these facts which are true and correct.
